NOTES:

- (1) Interest was charged to expenditure appropriations at reduced rates in accordance with the terms of Order-in-Council 734, dated May 30, 1936, and Chapter 11, Statutes of Alberta, 1936 (Second Session).
- (2) Under the terms of Order-in-Council 1160, dated August 14, 1936, sinking fund provision was deferred or temporarily suspended. In the Alberta Government Telephones full provision was charged to the current year's expenditure, but actual contributions were limited to sinking fund arrears and minor adjustments.
- (3) During the year ended March 31, 1937, unemployment relief net expenditure was charged to income account. In previous years this expenditure was capitalized.

In arriving at the operating results of the General Revenue Fund, revenues are reported on a strictly cash basis, being the actual receipts in cash within the fiscal period; whereas, expenditures include liabilities incurred but not paid at the end of the fiscal year. In other words, revenue excludes uncollected receivables but expenditure includes accounts payable.

School Lands Fund:

This fund is administered in accordance with the provisions of Section 40, Chapter 113, R.S.C. 1927, which reads as follows:

40. All moneys from time to time realized from the sale of school lands shall be invested in securities of Canada to form a school fund, and the interest arising therefrom, after deducting the cost of management, shall be paid annually to the government of the province within which such lands are situate, towards the support of schools organized and carried on in accordance with the law of such province; and the moneys so paid shall be distributed for that purpose by the said government in such manner as it deems expedient.

As at March 31, 1937, the fund amounted to \$13,242,207.41, made up as follows:

Cash		\$ 22,065.16
Debentures of the Dominion of Canada:		
(a) Issued in settlement of the sum standing to the credit of the fund when the natural resources were transferred to the Province on October 1, 1930	\$ 9,564,569.20	
(b) Purchased by the Province since Oct. 1, 1930, from payments of principal on school land sales	364,238.15	
		9,928,807.35
Unpaid principal on school land sales:		
(a) Not due	\$ 1,680,048.36	
(b) Due or in arrears	1,611,286.54	
		3,291,334.90
Total		<u>\$13,242,207.41</u>

In addition to the foregoing there were approximately 6,600,000 acres of unsold school lands at March 31, 1937.

Subsidies:

Under the terms of the Alberta Act, the Province receives certain annual subsidies from the Dominion of Canada. The capital value of these subsidies is not shown as a liability in the balance sheet of the Dominion, and has therefore been excluded as an asset from the accounts of the Province, although there is a definite annual obligation on the part of the Dominion to pay certain fixed amounts. For the purpose of information only, the capital sums which at 5% would yield the 1936-37 revenue are shown hereunder:

Government and legislation	\$ 3,800,000.00
Per capita grants	12,363,920.00
Allowance in lieu of debt	8,107,500.00
Allowance in lieu of Crown lands	11,250,000.00
	<u>\$35,521,420.00</u>

Resources:

Under the terms of the Natural Resources Agreement the Dominion transferred to the Province on October 1, 1930, 87,676,890 acres of land, including 6,406,694 acres of unsold school lands held in trust, together with the benefit of all mines and minerals of the Province formerly vested in the Dominion. No attempt has been made to value these assets. The balance sheet includes, at a conservative valuation, amounts due under leases, or agreements.

The Royal Commission on the Natural Resources of Alberta, appointed to inquire and report whether any consideration should be paid to the Province as compensation for resources alienated or otherwise disposed of by the Dominion during the course of its twenty-five year administration, recommended that the Dominion pay the Province the sum of \$5,000,000.00 with interest from October 1, 1930. Pending ratification of the award by the two governments, this asset has not been included in the balance sheet.

GENERAL.

During the year a continuous pre-audit was maintained of all expenditures from the General Revenue Fund. In addition, revenues of all departments and books and accounts of all boards and commissions are subjected to post-audits by my representatives. Bank balances were verified against bank certificates. Securities aggregating \$38,759,213.49 were examined and found in order. Every assistance was extended by officials of the several departments, boards and commissions, to facilitate the work of my representatives, and all information requested was promptly given.

I have the honour to be, Sir,

Your obedient servant,

CHAS. M. LANG, C.A.,

Edmonton, Alberta, August 23, 1937.

The above Consolidated Balance Sheet is in agreement with the books of the Government of the Province of Alberta as at March 31, 1937. Investments of the Special Investment Fund and Provincial Sinking Funds are shown at original cost less amortization of premium or discount to March 31, 1937. Items transferred from revenue-producing assets to capital losses are set forth in "Schedule C.7." General assets are shown at original cost, provision for depreciation being limited to the amount of the sinking fund reserve. Loans, advances and accounts receivable are subject to realization. Deferred charges and capital losses are valueless.

The amount due from the Canadian Pacific Railway Company and Canadian National Railways Company, \$5,580,000.00, is assigned to the bank as security against temporary loans amounting to \$5,700,000.00.

During the year provision for interest on funded and unfunded debt was made at the rates set forth in Order-in-Council 734, 1936. Monies held in coupon accounts are shown in Schedule "T.1" and represent provision, at the reduced rates, for debenture interest coupons not presented for payment. No liability is shown in the above Balance Sheet in respect of the difference between the original interest payable on the Province's debt and the reduced interest provided.

The above Balance Sheet does not include:

- (a) Principal receivable from the sale of provincial lands amounting to \$65,600.08, the value of unsold lands; and, the value or benefit arising from all mines and minerals of the Province formerly vested in the Dominion and transferred to the Province on October 1, 1930. Accounts receivable include at a conservative valuation amounts due under leases or agreements.

(b) Capitalized value of Dominion of Canada subsidies estimated at \$35,521,420.00 on the basis of the amount required at 5% to yield the 1936-37 revenue from that source.

(c) The award of the Royal Commission on the Natural Resources of Alberta. This Commission recommended that the Dominion pay to the Province the sum of \$5,000,000.00, with interest at the rate of 5% per annum from October 1, 1930, as compensation for resources alienated or otherwise disposed of by the Dominion during the course of its 25 year administration.

Subject to the foregoing remarks, and subject to provisions which may be necessary for depreciation of public works and undertakings or for losses arising from non-collection of loans, advances and accounts receivable, the above Consolidated Balance Sheet, in my opinion, is properly drawn up so as to show the true financial position of the Province at March 31, 1937.

Edmonton, Alberta, July 9, 1937.

I have audited the books and records of the Provincial Sinking Fund for the year ended March 31, 1937, and the above balance sheet is correctly prepared therefrom.

Under the terms of Order-in-Council No. 1160 dated August 14, 1936, sinking fund contributions required by various Statutes and Orders-in-Council were deferred or temporarily suspended. Actual contributions made during the year amounted to \$537,418.01 as follows:

Particulars	General Revenue	Telephones
Arrears, 1935-36 instalments	\$ 243,593.63	\$ 74,372.19
Adjustment of short contribution re June 1, 1962-67 issue	335.07	59.13
1936-37 instalment re November 1, 1936 issue	5,000.00	1,250.00
Payment from Alberta Wheat Pool	166,524.82	
Payment from United Grain Growers	46,283.17	
	<u>\$ 461,736.69</u>	<u>\$ 75,681.32</u>
		461,736.69
Total contributions		<u>\$ 537,418.01</u>

Payments in arrears amounted to \$815,471.76 and contributions accrued but not due at March 31, 1937, totalled \$440,991.07.

Of the issue due November 1, 1936, debentures amounting to \$141,000.00 were retired from sinking fund investments applicable to this issue.

Investments in Province of Alberta debentures include past due securities of a par value of \$395,500.00 and Treasury Bills issued to the sinking funds totalling \$659,000.00.

Interest on investments in Province of Alberta direct and guaranteed issues was received during the year at reduced rates in accordance with the terms of Order-in-Council No. 734 dated May 30, 1936, and Chapter 11, Statutes of Alberta, 1936 (Second Session).

Securities were verified by actual inspection during the year. Cash was verified by bank certificate. Accrued interest represents amounts actually realizable if securities were sold. Book values of securities represent original cost with amortization of premium or discount calculated to March 31, 1937.

Subject to the foregoing remarks, I certify that, in my opinion, the above balance sheet is properly drawn up so as to show the sinking fund available and applicable to the redemption of bonded debt of the Province at March 31, 1937.

(a) Authorized values of the Dominion of Canada, Department of Insurance, for use in insurance, loan and trust companies as published by the Dominion Government on January 2, 1937.

Edmonton, Alberta, June 30, 1937.

I have audited the books, vouchers and records relating to the Special Investment Fund, established under the provisions of Section 29 of The Treasury Department Act, for the year ended March 31, 1937, and the above statement of investments and accruals is correctly prepared therefrom. During the period all securities purchased, sold or retained were checked and examined. Premiums and discounts have been amortized to bring all securities to par value at date of maturity. During the year, interest on Province of Alberta direct and guaranteed debentures was received at reduced rates in accordance with the terms of the Province's Order-in-Council No. 734, dated May 30, 1936, and Chapter 11, Statutes of Alberta, 1936 (Second Session). Earnings shown above do not include debenture interest coupons of the Edmonton School District amounting to \$1,702.50. On advice from the District that interest would be paid at 50% of the coupon rate, the coupons were not presented for payment by the Province. Investments in Province of Alberta issues include past due debentures of a par value of \$4,500.00.

Profit on operation of the fund for the period is as follows:

Net revenue from interest received, less amortization of premium and discount	\$ 52,770.04
Add: Interest accrued March 31, 1937, less accrued amortizations	14,450.11
	\$ 67,220.15
Less: Interest accrued March 31, 1936, less accrued amortizations	24,151.08
Net interest earnings	\$ 43,069.07
Add: Net profit on sale of securities	256.76
Net revenue for the year ended March 31, 1937	\$ 43,325.83

Following the practice with respect to Provincial revenue only earnings and profits actually received have been taken into general revenue account, but in order to prepare a correct statement of the earnings of the fund interest earned but not received has been included in the above statement.

Accrued interest on Province of Alberta direct and guaranteed issues has been calculated at the reduced rates. Accrued interest on Edmonton School District debentures includes coupons matured but not cashed.

Subject to the foregoing remarks, I certify that, in my opinion, the above statement correctly summarizes all transactions relating to the Special Investment Fund for the year ended March 31, 1937, and states the securities on hand at that date.

NOTE: In the preparation of the above statement, purely financial transactions in connection with the refunding of temporary loans, savings certificates, or debentures are excluded both from receipts and payments, otherwise both sides of the statement would be inflated by large figures of no practical value. For example, in instances where debentures were floated to refund maturing issues only the net increase in debt is shown under capital receipts.

Edmonton, Alberta, March 5, 1937.

I have audited the books and records of the Workmen's Compensation Board, Alberta, for the year ended December 31, 1936, and the above Consolidated Balance Sheet is correctly prepared therefrom.

Cash in bank was confirmed by certificate from the Board's bankers.

Investments were verified by actual inspection and include Province of Alberta past due debentures of a par value of \$70,500.00.

Interest on investments in Province of Alberta direct and guaranteed debentures was received at reduced rates in accordance with the terms of the Province's Order-in-Council No. 734, dated May 30, 1936, and Chapter 11, Statutes of Alberta, 1936 (Second Session).

No provision has been made for possible losses on school districts' debentures principal and interest in arrears amounting to \$20,203.23.

A recalculation of Pension Fund requirements on a 5% basis, now in progress by officials of the Board indicates that requirements exceed the actual reserve by \$150,000.00.

The estimate of future compensation in connection with unfinalled claims totalled \$801,238.99 against which the Accident Fund Reserve and Reserve for Claims Pending amount to \$621,937.47. The estimated liability does not include any amount in respect of accidents occurring prior to January 1, 1937, for which the Board had received no claim at the close of the fiscal year.

No information was available from which an opinion could be formed as to the adequacy of the Medical Aid Fund Reserve.

Subject to the foregoing, I certify that, in my opinion, the above Consolidated Balance Sheet is properly drawn up so as to show the financial position of the Board as at December 31, 1936, according to the information given to me and as shown by the books.

CHAS. M. LANG, C.A.,
Acting Provincial Auditor.

Edmonton, Alberta, July 27, 1937.

I have audited the books and records of the Wheat Board Monies Trust Account for the year ended March 31, 1937, and the above balance sheet and accompanying statement of income and expenditure are correctly prepared therefrom.

Investments in bonds consist of Lethbridge Northern Irrigation District 6% bonds due May 1, 1951, of a par value of \$29,000.00. The investments are shown at cost less amortization of premium to March 31, 1937. The market value at that date was approximately \$18,850.00. Investments were verified by actual inspection during the year.

During the year a payment of \$388.22 was received from the Alberta Oil Consumers Co-operative, Limited, under a compromise agreement. Recovery of any further amount is doubtful. Recovery of advances to the Alberta Livestock Marketing Board is doubtful.

Interest on investments was received during the year at reduced rates in accordance with the terms of the Province's Order-in-Council No. 734, dated May 30, 1936, and Chapter 11, Statutes of Alberta, 1936 (Second Session).

Subject to the valuation of investments and provision for probable losses on loans, I certify that, in my opinion, the above balance sheet is drawn up so as to show the financial position of the Wheat Board Monies Trust Account at March 31, 1937, and the accompanying statement of income and expenditure correctly sets forth the result of operations for the year ended at that date.

Edmonton, Alberta, August 17, 1937.

I have audited the books and records of the Provincial Farms and Cattle Purchasing Advance for the year ended March 31, 1937, and the above balance sheet and accompanying revenue and expenditure statement are correctly prepared therefrom.

Land and buildings of the Brooks farm have not been valued at March 31, 1937, and are not included in the above balance sheet.

Grain and feed inventories are priced at local market prices.

Subject to the foregoing remarks, I certify that, in my opinion, the above balance sheet is properly drawn up so as to show the financial position of the Provincial Farms and Cattle Purchasing Advance as at March 31, 1937, and the accompanying revenue and expenditure statement shows the result of operations for the year ended at that date.

Edmonton, June 4, 1937.

Audit of the books and records of the Official Guardian, Administrator of Estates of the Mentally Incompetent and Consolidated Investment Fund has been completed, under my direction, for the year ended December 31, 1936. The above Consolidated Balance Sheet is correctly prepared therefrom.

Securities were verified by actual inspection during January, 1937. Included in the investments shown on the above Balance Sheet are Province of Alberta debentures past due as follows:

April 1, 1936, 6% (par value)	\$24,000.00
November 1, 1936, 6% (par value)	5,500.00
	<u>\$29,500.00</u>

Interest on Province of Alberta debentures was received during the year in accordance with the terms of the Province's Order-in-Council No. 734 dated May 30, 1936, and Chapter 11, Statutes of Alberta, 1936 (Second Session).

Balance Sheet values of mortgages, accounts receivable, real estate and miscellaneous assets are estimated from information available to the Branch and are subject to realization.

Accounts payable to the Provincial Mental Hospital represent unpaid maintenance charges which are shown on the above Balance Sheet only to the extent of book values of available assets and are computed from accounts rendered to September 30, 1936.

Subject to the foregoing remarks, I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the financial position of the Official Guardian, Administrator of Estates of the Mentally Incompetent, and Consolidated Investment Fund as at December 31, 1936.

CHAS. M. LANG, C.A.,
Acting Provincial Auditor.

Edmonton, Alberta, September 22, 1937.

Audit of the books of account of the University of Alberta has been completed for the year ended March 31, 1937, and the above balance sheet and accompanying statement of revenue and expenditure are in accordance therewith.

Land, buildings and plant are shown at original cost without provision for depreciation.

An inventory of furnishings and equipment was not available at March 31, 1937. No provision has been made for depreciation, but University officials are of the opinion that the value of furnishings and equipment has been maintained by renewals and additions from revenue.

The above balance sheet does not reflect any liability in respect of amounts payable to the Province's Insurance Fund under Orders-in-Council 350/36 and 1446/36.

Trust fund investments include Province of Alberta past due debentures and savings certificates of a par value of \$20,200.00. Interest on Province of Alberta direct and guaranteed issues was accepted during the year ended March 31, 1937, at reduced rates set forth in the Province's Order-in-Council No. 734/36.

Subject to the foregoing remarks, I certify that, in my opinion, the above balance sheet is properly drawn up so as to show the financial position of the University of Alberta as at March 31, 1937, and the accompanying statement of revenue and expenditure correctly sets forth the result of operations for the year ended at that date.

PROVINCE OF ALBERTA CAPITAL ADVANCE		462,931.94
		<u>\$ 865,668.16</u>

Edmonton, Alberta, May 10, 1937.

I have audited the books and records of the University of Alberta Hospital Board for the year ended March 31, 1937, and the above Balance Sheet and accompanying Revenue and Expenditure Statement are in accordance therewith.

Properties known as Provincial Special Unit and Red Cross Wing are not included in the Balance Sheet.

No depreciation has been provided on buildings and equipment.

In accordance with the practice of the Province of Alberta, interest on debentures was paid at the reduced rate set out in the Province's Order-in-Council No. 734 dated May 30, 1936, and Chapter 11, Statutes of Alberta, 1936 (Second Session). Accrued interest is reflected in the above Balance Sheet at the reduced rate.

Subject to the foregoing remarks, I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the financial position of the University of Alberta Hospital Board as at March 31, 1937, and the accompanying Revenue and Expenditure Statement correctly sets forth the result of operations for the year ended at that date.

CHAS. M. LANG, C.A.,
Acting Provincial Auditor.

STATEMENT No. 107—Continued

Edmonton, Alberta, August 24, 1937.

I have audited the books and accounts of the Alberta Government Telephones for the year ended March 31, 1937, and the above balance sheet and accompanying statement of earnings are correctly prepared therefrom.

Net surplus on operations for the year amounted to \$367,813.84, of which \$50,000.00 was transferred to reserve for bad debts and the remainder, \$317,813.84, set aside as a special provision for depreciation reserve charges. Operations include sinking fund charges amounting to \$124,431.52, of which \$123,643.19 remained unpaid at March 31, 1937. Debenture interest has been included in the accounts at the reduced rates set forth in Order-in-Council No. 734, 1936.

During the year ended March 31, 1937, further sales of rural lines have been made to mutual telephone companies with the result that all saleable rural lines were disposed of, the remaining rural lines were revalued and transferred to exchange plant. Capital losses arising from sale of rural lines and abandonment of other lines during the period are summarized below:

Loss on sale of rural lines, including equipment and materials from stores	\$ 1,918,545.88	
Rural sales expense	24,352.61	
		\$ 1,942,898.49
Loss on revaluation of rural lines and equipment		236,734.36
Dead line removals		180,334.90
		<u>\$ 2,359,967.75</u>

No depreciation reserve has been provided with respect to the investment in the toll and exchange systems. Calculated in accordance with minimum requirements approved for class "A" telephone companies, the depreciation reserve should be at least \$2,000,000.00 at March 31, 1937.

During the years 1926 and 1927 the utility received subventions from the Province of Alberta amounting to \$354,000.00 with respect to unprofitable extensions, material losses and operating deficits. Under the terms of the Order-in-Council granting the subvention the above amount was to be repaid by instalments commencing in the year 1936 together with interest and sinking fund charges on the amount of the subvention from January 1, 1936. No provision has been made in the accounts for the interest and sinking fund charges.

Accounts receivable shown on the balance sheet are summarized below:

Current subscribers' accounts	\$ 119,406.36	
Unbilled tolls	28,013.19	
Due from former subscribers	272,824.37	
Due from Mutual Telephone companies, arising out of sale of rural lines	107,925.72	
		\$ 528,169.64
Less: Reserve for uncollectible accounts		132,778.50
		<u>\$ 395,391.14</u>

In my opinion, the reserve for uncollectible accounts is inadequate and should be increased to at least \$275,000.00.

Pension and death fund assets are subject to the comments contained in the certificate attached to the Pension and Death Benefit Fund balance sheet.

Subject to the foregoing remarks, I certify that, in my opinion, the above balance sheet is properly drawn up so as to show the financial position of the Alberta Government Telephones as at March 31, 1937, and the accompanying relative statement of earnings fairly states the result of operations for the fiscal year ended at that date.

Edmonton, Alberta, August 24, 1937.

I have audited the books and accounts of the Alberta Government Telephones Pension and Death Benefit Fund for the year ended March 31, 1937, and the above balance sheet and accompanying statement of contributions and earnings are correctly prepared therefrom.

During the year under review interest on Province of Alberta direct and guaranteed issues has been received in accordance with the Province's Order-in-Council No. 734, dated May 30, 1936. The fund received a special contribution from the Alberta Government Telephones in the amount of \$1,939.02 in order to maintain the earning rate at the required 4½ per cent.

Investments are shown on the balance sheet at book value, which represents the original cost together with amortization of premium and discount to December 31, 1935. The approximate market value of the fund investments at March 31, 1937, was \$400,000.00.

As pointed out in previous reports, the pension fund is not on an actuarial basis, and contributions which have been made to the fund may prove insufficient for future requirements.

Subject to the foregoing remarks, I certify that, in my opinion, the above balance sheet is properly drawn up so as to show the financial position of the Alberta Government Telephones Pension and Death Benefit Fund as at March 31, 1937.

Debenture interest was paid by the Province during the year at reduced rates in accordance with the terms of Order-in-Council No. 734 and Chapter 11, Statutes of Alberta, 1936 (Second Session).

Sinking Fund instalment of \$138,685.45 was not paid during the year.

Edmonton, Alberta, August 11, 1937.

The books and records of the Irrigation Districts' Sinking Funds have been audited under my direction for the year ended March 31, 1937, and the above balance sheet and accompanying statement of contributions and earnings are correctly prepared therefrom.

Securities were verified by actual inspection and represent original cost less amortization of premium or discount calculated to March 31, 1937. During the year Lethbridge Northern and United Irrigation District debentures having a par value of \$59,000.00 were purchased from the Provincial Sinking Funds at book value of \$64,268.54.

Interest on investments in guaranteed debentures was received during the year at reduced rates in accordance with terms of the Province's Order-in-Council No. 734, dated May 30, 1936, and Chapter 11, Statutes of Alberta, 1936 (Second Session).

Contribution to the United Irrigation District sinking fund was made during the year under provisions of Chapter 38, Statutes of Alberta, 1935. No other contributions were made.

Required sinking fund contributions are based on anticipated investment earnings of 4% and 4½%. Due to reduced interest rates earnings will not exceed 2½% and on this basis sinking funds will not be sufficient to redeem debentures at maturity.

Subject to the foregoing, I certify that, in my opinion, the above balance sheet is properly drawn up so as to show the financial position of Irrigation Districts' Sinking Funds as at March 31, 1937, and the accompanying statement of contributions and earnings correctly sets forth the accumulations in the fund for the year ended at that date.
